

Claremont Meadows Public School Behaviour Support and Management Plan

Overview

Claremont Meadows Public School is committed to explicitly teaching and modelling positive behaviour and to supporting all students to be engaged with their learning.

Our goal is to inspire every child to participate positively in the school community and beyond. We focus on promoting excellence, opportunity and success for every student, every day. We value and strive to develop safe, respectful learners in a caring learning community.

Principles of positive behaviour support, trauma-informed practice, inclusive practice, and social emotional learning underpin our daily practice. High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching, and planned responses.

Please refer to the Department of Education's Policy library – School behaviour support and management plan for further information:

<https://education.nsw.gov.au/policy-library/policies/pd-2006-0316-05>

To achieve our mission, key programs prioritised and valued by the school community are:

- [PBL – Positive Behaviour Learning](#)
- [The Anxiety Project](#)
- [Chaplaincy Program](#)

These programs prioritise social and emotional learning which supports good mental health, positive relationships and supports prevention of bullying.

Claremont Meadows Public School rejects all forms of bullying behaviours, including online (or cyber) bullying by maintaining a commitment to providing a safe, inclusive, and respectful learning community that promotes student wellbeing. Staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff actively respond to student bullying behaviour.

Partnership with parents and carers

As part of ensuring respectful learning environments for all members of our school community, Claremont Meadows Public School will follow the expectations outlined in the School Community

Charter Document. This can be accessed at: <https://education.nsw.gov.au/schooling/translated-documents/school-community-charter>

Claremont Meadows Public School will collaborate with parents/carers in establishing expectations for engagement in developing and implementing student behaviour management and antibullying strategies, by:

- inviting parent/carer and student feedback through formal and informal means, such as Tell Them from Me surveys, school surveys and consulting with the P & C body.
- inviting parents to participate in workshops on The Anxiety Project to develop a shared understanding of strategies and a common language to support children manage anxious behaviours.
- using concerns raised through complaints procedures to review school systems, data and practices.
- Regular opportunities to visit & engage in school events to develop knowledge, understanding and support for school practices

Claremont Meadows Public School will communicate these expectations to parents/carers through the school newsletter, social media, Sentral Parent App and school website. Our school proactively builds collaborative relationships with families and communities to create a shared understanding of how to support student learning, safety and wellbeing.

School-wide expectations and rules

Claremont Meadows Public School has the following school-wide expectations and rules:

To be a safe, respectful, responsible learner

Safe	Respectful	Responsible	Learner
Hands and feet to myself	Follow staff instructions	Be accountable for my actions	Be an active participant
Right place, right time	Speak politely	Care for my own property	Always try my best
Move sensibly	Care for the property of others	Help others when needed	Ask for help when I need it
Use equipment appropriately	Actively listen to others	Report issues to a teacher	Learn from my mistakes

Behaviour code for students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

The Behaviour Code for Students can be found at <https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01>.

This document translated into multiple languages is available here: [Behaviour Code for Students](#).

Whole school approach across the care continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies in practices across the care continuum to promote positive behaviour and respond to behaviours of concern, including bullying and cyber-bullying behaviour.

These approaches and strategies are built on a foundation of evidence-based effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- stating and explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- providing active supervision of students
- maximising opportunities for active engagement with learning
- providing carefully sequenced engaging lessons that provide options for student choice
- differentiating learning content and tasks to meet the needs of all learners.

Care Continuum	Strategy or Program	Details	Audience
Prevention	The Anxiety Project	The Anxiety Project is an evidence-based intervention approach designed for the whole school community in managing anxiety and building resilience through the training of teachers and parents to deliver explicit strategies and a common language.	All
Prevention	Life Education	Our school participates in the Life Education program bi-annual which provides valuable lessons exploring healthy eating, personal safety, physical activity, positive relationships, cyber safety and the impact of alcohol and other drugs. All modules are age and stage appropriate and aligned to the NSW PDHPE syllabus and the Australian school curriculum.	Students K - 6
Prevention	Child protection	Teaching child protection education is a mandatory part of the syllabus.	Students K - 6
Prevention / Early Intervention / Targeted / Individual	Australian eSafety Commissioner Toolkit for Schools to prevent and respond to cyberbullying	The toolkit resources are categorised into four elements: Prepare, Engage, Educate and Respond. The resources are used to engage with the school community about creating and maintaining safe online environments to prevent cyberbullying incidents. The toolkit includes actions to report and manage cyberbullying incidents.	All

Care Continuum	Strategy or Program	Details	Audience
Targeted / Individual intervention	Learning and Support Team	The LST works with teachers, students and families to support students who require personalised learning and support.	All
Targeted / individual intervention	Attendance support	The LST refer students to the attendance co-ordinator who will oversee planning support for students and families to help address barriers to improve attendance and set growth goals.	Individual students, attendance co-ordinator
Individual intervention	Individual behaviour support planning	This may include developing, implementing, monitoring and reviewing behaviour support, behaviour response, risk management plans and liaising with internal and external agencies and families.	Individual students, CT, parent/carer, LAST, AP

Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

Identifying behaviour of concern, including bullying and cyberbullying

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low-level inappropriate or developmentally appropriate behaviour. Bullying behaviour involves the intentional misuse of power in a relationship, is ongoing and repeated and involves behaviour that can cause harm. See Appendix 1.

Claremont Meadows Public School staff will identify inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying through a range of channels, for example:

- directly observing a student’s behaviours, interactions, verbal communications, or work produced (such as written materials, performances or artworks)
- a person disclosing information that is not previously known, either because it is new information or because it has been kept a secret
- concerns raised by a parent, community member or agency.

Students or parents can report bullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds, including cyberbullying. Students who have been bullied will be offered appropriate support, for example through the school counselling service.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site

- outside school hours and off school premises where there is a clear and close connection between the school and students’ conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

Preventing and responding to behaviours of concern

Planned responses to behaviour that does not meet school expectations are either teacher or executive managed. Staff use their professional judgement in deciding whether a behaviour is teacher managed or executive managed. They should consider whether the behaviour poses a risk to the safety or wellbeing of the student or others.

- **Teacher managed** – low level inappropriate behaviour is managed by teachers in the classroom and the playground.
- **Executive managed** – behaviour of concern is managed by school executive.
- Corrective responses are recorded on Sentral. These include:

Classroom	Non-classroom setting
<ul style="list-style-type: none"> • rule reminder • re-direct • offer choice • error correction • prompts • reteach • seat change • stay in at break to discuss/ complete work • reflection and restorative practices • communication with parent/carer. 	<ul style="list-style-type: none"> • rule reminder • re-direct • offer choice • error correction • prompts • reteach • play or playground re-direction • walk with teacher • reflection and restorative practices • communication with parent/carer.

Claremont Meadows Public School staff model, explicitly teach, recognise and reinforce positive student behaviour and behavioural expectations through whole school PBL approach.

We acknowledge that not all students are encouraged by the same thing or in the same ways. Younger students may be more motivated by adult attention while older students are typically more motivated by peer attention, activities, privileges, or freedom. When learning new skills, students need immediate and frequent reinforcement and as they develop mastery they respond to intermittent and long-term reinforcement to maintain their social behavioural efforts.

The use of verbal and non-verbal specific positive feedback is the most powerful way to:

- help adults and learners to focus on positive social behaviour

- increase the likelihood that students will use the expected behaviours and skills in the future
- decrease unexpected behaviour and reduce the need for corrective responses
- enhance self-esteem and build an internal focus of control.

Prevention Responses to recognise and reinforce positive, inclusive and safe behaviour	Early Intervention Responses to minor inappropriate behaviour are teacher managed.	Targeted/Individualised Responses to behaviours of concern are executive managed
<p>1. Behaviour expectations are explicitly taught and referred to regularly. Teachers model behaviours and provide opportunities for practice. Students are acknowledged for meeting school-wide expectations and rules.</p> <p>School data is regularly analysed to inform focus for whole school behaviour reteaching of expectations when needed.</p>	<p>1. Refer to school-wide expectations and/or emotional regulation visuals and/or supports so that the student can self-regulate.</p>	<p>1. Contact office to seek help from executive straight away if there is a risk. Otherwise notify student's stage supervisor or executive ASAP and before the end of the school day. This will be also documented on Sentral.</p>
<p>2. Verbal and non-verbal specific positive feedback is paired with a positive, tangible reinforcer in a school-wide continuum for acknowledging expected behaviour.</p>	<p>2. Use indirect responses including proximity, signals, non-verbal cues, ignore, attend, praise, redirect with specific corrective feedback.</p>	<p>2. Executive/CT to take immediate steps to restore safety and return the situation to calm by using appropriate strategies such as: redirecting to another area or activity, providing reassurance or offering choices. Incident review and planning is scheduled for a later time, determined by the context and nature of the incident.</p>
<p>3. Tangible reinforcers include those that are: free and frequent moderate and intermittent significant and infrequent Intermittent and infrequent Reinforcers are recorded on Sentral.</p>	<p>3. Use direct responses e.g. rule reminder, re-teach, provide choice, scripted interventions, student conference. Students have an opportunity to meet the classroom/playground behaviour expectation before low-level consequence is applied.</p>	<p>3. Executive collects information and reviews the incident from multiple perspectives to determine next steps. Executive to record outcome on Sentral and contact parent/carer. Principal/Deputy Principal may consider further action e.g., formal caution or suspension.</p>
<p>4. Social emotional learning lessons are taught (The Anxiety Project).</p>	<p>4. Teacher records on Sentral. Monitor and inform family if repeated. For some incidents, referral is made to the school's anti-racism contact officer (ARCO) or anti-bullying co-ordinator.</p>	<p>4. Refer to the school's Learning and Support Team considering current and previous behaviour data. Other actions may include completing a risk assessment and/or collaboratively developing a behaviour support/response plan.</p>
<p>Teacher/parent contact</p>	<p>Teacher/parent contact</p>	<p>Teacher/parent contact</p>
<p>Teacher contact through the parent portal or phone calls home are used to communicate student effort to meet expectations. Recognition awards for positive individual and class behaviour are given at fortnightly school assemblies.</p>	<p>Teacher contacts parents by phone or email when a range of corrective responses have not been successful. Individual planning and referral to Learning Support Team may be discussed.</p>	<p>Parent/carer contact is made by school executive to discuss any support and behaviour responses, including referral to the LST, school counsellor, outside agencies or Team Around a School.</p>

Responses to serious behaviours of concern

Responses for serious behaviours of concern, including students who display bullying behaviour, are recorded in Sentral. Depending on the level of behaviour concern and pending investigation, responses may include:

- review and document incident
- determine appropriate response/s, including supports for staff or other students impacted
- communication and collaboration with parents/carers (phone, email, parent portal, meeting)
- develop or review individual student support planning, including teaching positive replacement behaviour and making learning and environmental adjustments
- reflection and restorative practices (see below)
- refer/monitor the student through the school learning and support team- if needed
- formal caution to suspend, suspension for more serious behaviour
- liaise with [Team Around a School](#) for additional support or advice
- expulsion.

The NSW Department of Education [Student Behaviour policy](#) and [Suspension and Expulsion Procedures](#) apply to all NSW public schools.

Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the:

- [Incident Notification and Response policy](#)
- [Incident Notification and Response Procedures](#)
- [Student Behaviour Policy](#) and [Suspension and Expulsion procedures](#)

Students and/or parents/carers can report cyberbullying to the [eSafety Commissioner](#) and reporting links for most sites, games and apps can be found at the [eSafety Guide](#).

Reflection and restorative practices

Toilet and food breaks are always included when withdrawal from free choice play at either break is planned as a response to behaviour.

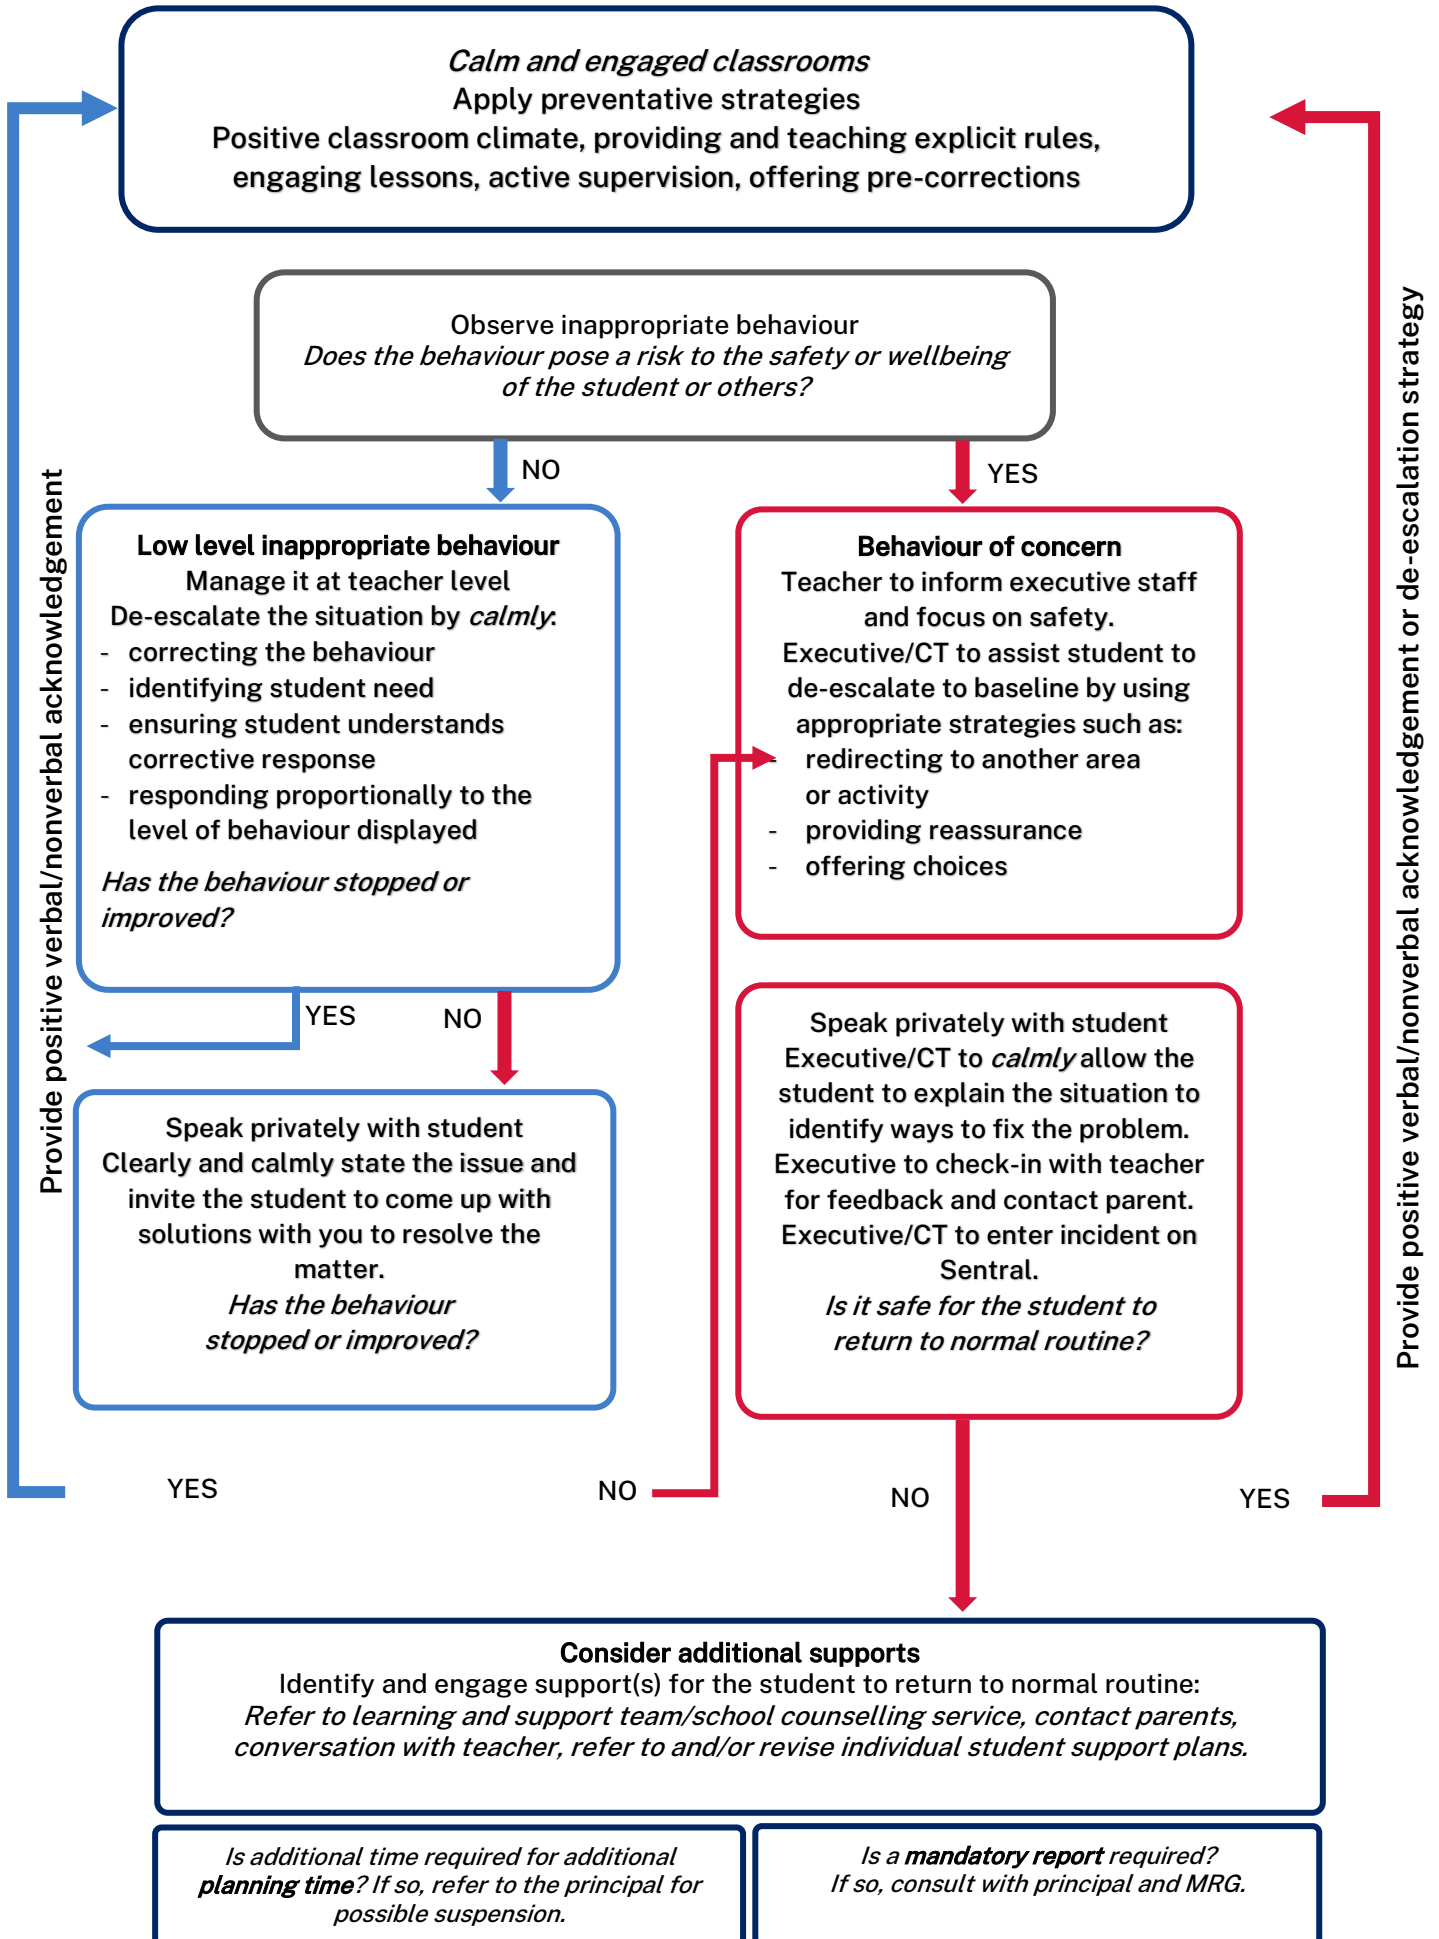

Strategy	When and how long?	Who coordinates?	How are these recorded?
<p>Reflection room – a structured debriefing and planning after a crisis event or behaviour of concern with an individual student (reflection)</p> <p>Students on their first day in the reflection room complete an individual behaviour reflection and discuss restorative practices. On subsequent days students complete silent reading utilising social / emotional stories and scenarios.</p>	<p>Next day at lunch</p>	<p>Assistant Principals</p>	<p>Documented in Sentral</p>

Review dates

Last review date: [Friday 31st January 2025: Day 1, Term 1, 2025]

Next review date: [Tuesday 27th January 2026: Day 1, Term 1, 2026]

Appendix 1: Behaviour management flowchart

Bullying Response Flowchart

The following flowchart explains the actions Claremont Meadows Public School staff will take when they receive a report about student bullying, including bullying which may have occurred online or outside of the school setting. The timeframes will vary depending on the professional judgment of staff who receive the bullying complaint and their assessment of immediate risk to student/s.
